

mybenefitsaide

Powered by MGM Benefits Group

Everyone can relate to the stress that comes with a trip to the doctor. And during open enrollment. And trying to find our insurance cards, or remembering our family's allergies... it can be a lot to handle!

That's why we created MyBenefitsAide – your solution to all things insurance and employee benefits.

MyBenefitsAide is an all-in-one app that you now have access to as a part of your benefits, giving you an extra hand when you need it. It doesn't matter if it's during open enrollment, in the waiting room at the doctor's office or when you're just looking to kill a couple of minutes! It's always a great time to call in backup in the form of MyBenefitsAide:

When you're at the doctor...

It's easy to get stressed at the doctor's office. Having to pull up your blood type, your family's allergies, or your insurance card at a moment's notice is nerve-racking!

MyBenefitsAide packs features that keep all that information, and more, in one app. This way, you don't have to worry about the stress affecting your blood pressure!

When you have a question...

Have you ever had a question about your benefits or insurance policy but you're not sure who to reach out to?

MyBenefitsAide keeps all your important contact information in one place! Reach out to your broker, plan administrator, carrier, and more! It's like a Contact List inside your app.

When you've got some free time...

Let's face it: Employees don't spend enough time learning about their benefits offering. There's a reason why so many people enroll in the same benefits year after year without thinking twice – it's stressful learning about these benefits!

MyBenefitsAide makes learning about your offering fast and easy with animated videos that you can watch in five minutes or less.

Employees typically spend just 33 minutes on their enrollment¹. The thing is, life happens year-round, not just during open enrollment.

Download from your device's app store and get started today!
